BACKLASH

(Commentary from the Board of Directors)

March Membership Meeting Program: “Shad Fishing on the James”

Frank Dennis will present an information-packed session on how to fish for shad with emphasis on the local James River and the use of fly and spin tackle. Frank fishes the James on a regular basis during the shad season and scouts and reports the arrival of the first fish. This year his first catch was on March, 13. He has spent many hours liberating shad from the Delaware River in Pennsylvania. With shad now in the area, Frank’s presentation is most timely. There will be plenty of time for questions and answers.

VAC Member Virgil Hughes Passes on March 2, 2008

Long time member of the Virginia Anglers Club, Virgil Hughes, passed away peacefully on Sunday, March 2, 2008. A “Lines Out” tribute to Virgil appears elsewhere in this issue of the *Angler*. A memorial service for Virgil will be held later.

Jim Sheffield in Line for Next Opening on the Finfish Advisory Committee

President Vic Skakandy received a letter from Jack Travelstead of the VMRC stating his appreciation for the Club's recommendation of VAC Member Jim Sheffield for membership on the VMRC's Finfish Advisory Committee. Jack noted he was familiar with Jim's background in recreational angling and this will help make Jim a logical person for appointment to the FAC when the next opportunity occurs. The Board thanks Jim for stepping forward and offering his time, talents and background for this important work.

Annual VAC Fish Fry to be Held at Maymont on May 27, 2008

The Annual Virginia Anglers Club Fish Fry is scheduled to be held at the Maymont Nature Center on May 27, 2008. This will be the regular May Membership Meeting. Please start thinking about donations of fish for consumption from either your stock in the freezer or from your future catches before the 27th. The cooks have committed. Visitors are most welcomed. Details will come as the date draws closer.

CATCHY COMMENTS

By Buddy Noland

The weather is getting warmer and more anglers are getting the fishing fever. *Freshwater* has been the name of the game since last month's newsletter.

Glad to see **Mickey Kodroff** fishing again and turning in some nice catches from the East Lake, NC... Mickey had Largemouth Bass and Crappie with the highest point fish being a 2-12 Chain Pickerel on 4# spin for 202 points. **Fred Murray** was fishing the warmest water he could find in the James River on February 17th and was successful with three new Club Records. First, Fred landed a 22-0 Flathead Catfish on 4# fly for 466 points which beat his current IGFA World Record. Then 30 minutes later, he hooked a 20-0 Carp on 4# spin for 500 points. Later, Fred got another Flathead weighing 27-8 on 4# spin for 466 points. I'd say that was a great day on the river!

Parks Rountrey had the largest Yellow Perch with a 1-0 on 2# plug for 263 points in the Yellow Perch Tournament. **Lynn Spurlin** and **Vic Skakandy** caught 12 and 11 ounce Yellow Perch for weight entries. **Eddy and Scott Johnston**, not to be confused as being related to each other, fished the Chick the week before and Eddy turned in a 2-10 Largemouth on 2# fly for 218 points. Then early March, Scott ventured to the Piscataway Creek and caught a 0-9 Sunfish on 2# fly for 187 and now leads the Sunfish specie.

Bob Brown had a good day on the James River and surpassed **Rich McDaniel's** Club Record Blue Catfish. Bob, fishing with 12# line, used cut bait to land a 47-0 Blue Catfish to earn 326 points for the new record. Last week, **Danny Noland** went to the Nottoway River in Franklin, Virginia to catch some early season Shad. He didn't have any luck with the White's or Hickories but, did locate nine Smallmouth Bass on a fallen tree. He caught them on 2# spin, 2# plug, and the largest fish being 3-0 pounds earning 375 points on 2# fly. Several other anglers Danny had talked with caught up to six Hickories and no White's that day.

Jeff Doughty and **Dean Winstead** talk about fishing every day at work, but that's about as far as it gets. *No wet line, no fish!*

The lone *Saltwater* entry for the month was from **Quentin Corbett** fishing at Islamorada, Florida. Using a live Pilchard for bait, Quentin released a 17-0 Cobia on 8# for 154 points.

Parks has been sending out good reports of Shad being caught in North Carolina. Several more weeks from now, the James River will be loaded with anglers fishing the 95 bridge.

Good luck!

Angler of the Month for February 2008

by Buddy Noland

The first C. V. Kinnard "Angler of the Month" award for this year had nine "quality entries" in the competition for the month of February. The VAC angling year begins on December 1st, so therefore, there is almost three months before the first membership meeting. Other respectable catches by Jim Sheffield were a Striper worth 575 points, a Flathead Catfish worth 423 points, and a Channel Cat for 321. Kathi Sheffield had a 39 pound Blue Catfish on 4# general for 415 points. All very nice catches and an exceptional start for the new fishing season. All that said, the winners were as follows:

- 1st Place - Jim Sheffield 50-9 Striper for 1011 points and "pending" IGFA World Record for 2# Class line.**
- 2nd Place - Fred Cousins 22-0 "Carp" for 687 points**
- 3rd Place - Fred Cousins 64-0 "Blue Catfish" for 682 points and "pending" IGFA World Record for 4# Class line.**

Virgil Hughes Passes March 2, 2008

Virginia Anglers Club member Virgil Hughes passed away peacefully on March 2, 2008. His wife Gini and his son, Philip (a former member of the Virginia Anglers Club) were at his side. Virgil joined the Club in 1976. During his thirty-two years of membership, Virgil submitted one hundred forty-four catches of record and entered fish caught in seven states and one Canadian Province. Half of his entries were on 6# test line and below. Virgil earned the Salt Water Expert Rating in 1987 and the Fresh Water Expert Rating in 1998. Virgil held many club offices over the years, including that of President. During recent years, Virgil's health did not permit him to participate in VAC meetings or outings. Beyond his skill as an angler, Virgil was always an "up" person, had a kind word for all with whom he spoke and had shared an unending string of stories about his time as part of a crew of a menhaden steamer. He may also be remembered for his world class snoring that could reportedly be heard two rooms down the hall from where he was sleeping. Virgil's was missed at recent meetings; he will be missed even more now that he has pulled lines for the last time.

James River Blue Catfish

Sat thru Sun, March 22-23, 2008 AND
Sat thru Sun, March 29-30, 2008
(Two weekend tournament)

Catfishing on our own James River is heating up. If you have been hearing about this action and want to give it a try, this is a great time to start! Hopefully you attended the February meeting that featured expert information on how and where to tangle with these monsters in our local freshwater rivers. Please plan to participate in this tourney. Two ways to win! We will recognize three places for heaviest weight fish and three places for highest point fish.

Location: James River

Awards: We will recognize three places for heaviest weight fish and three places for highest point fish.

First = 3 pts.
Second = 2 pts.
Third = 1 pt.

These points will apply towards the annual Tournament Angler of the Year competition.

Report in: Parks Rountrey within 5 days: 804-349-6001
You can not change the entry category once you have registered it with the Chairman.
You do not need to fill out cards.

Chairman: Parks Rountrey

NOTES: A fish can be entered by weight or points (angler must declare which category) but not both ways for 1 fish.

One angler can win both weight and points divisions by entering 2 different fish.

One angler can win 1st, 2nd and 3rd in both weight and points divisions by entering multiple fish.

Tournament First Place Awards

for weight and points = Anglers Choice:
Traditional cup, \$40 Greentop gift certificate or a
VAC Banquet ticket for the January 2009 Banquet.

James River Hickory Shad

Sat thru Sun, April 12-13, 2008
(blow date April 19-20)

By the time you read this, Virginia shad fishing should be well underway. The run usually extends from mid-March to the beginning of May.

The tourney will be at peak time with the only potential problem being high muddy floodwaters. They can sometimes make the James un-fishable for a few days in the spring. Small spoons, shad darts and very small plastic grubs can be effective on ultra-light spinning and plug gear. Fly fishing is sometimes more productive than the spinning outfits. Various flies work well, mostly with sinking lines, and just enough rod to throw the sinking line. To get some real expert advice, come to hear our speaker at the March membership meeting at Skillagalee.

Details and Awards are the same as the March Catfish tourney noted on the left of this page.

Contact the tourney Chairman to confirm event if the weather is questionable.
